4. FINAL ARRANGEMENTS:

Work programme and distribution of tasks

In accordance with the project work programme and arrangements made during the kick-off meeting, the following tasks should be done by the next partner meeting (in Hague):

- **30 November, 2013:** Upload all the materials presented in the kick-off meeting onto Dropbox (**AKUT**)
- **7 December, 2013:** Prepare the evaluation report (**Creative Youth**)
- **31 December, 2013:** Prepare a logo for the project (**Creative Youth**)
- **31 December, 2013:** Making available a list of requirements for SEL programs (what requirements should be needed to call a program a SEL program) (**The Hague University of Applied Sciences**)
- **31 December, 2013:** Start to collect essential/useful readings/articles about SEL (**The Hague University of Applied Sciences**)
- **31 December, 2013:** Finalise the structure of the blog, <http://selvet.weebly.com/> (**Volkshochschule Göttingen**)
- **31 December, 2013:** Making the Facebook page public (**Volkshochschule Göttingen**)
- **End of February, 2014:** Defining the agenda and the venue of the Hague meeting (**The Hague University of Applied Sciences**) - every partner is **asked** to bring a VET teacher or professional active in the field to the Hague meeting
- **19 March, 2014:** Prepare an overview about what kind of SEL or SEL like programs exist in the partner countries (**All**)
- **19-21 March, 2014:** Next partner meeting in Hague (Host: **The Hague University of Applied Sciences**)
- **Ongoing:** Start to build a contact list about organisations/people involved in SEL in partners' countries. These programmes might be found under the following keywords: SEL, Skills for life, Skills training, Seal (social emotional aspects of learning) (**All**)
- **Ongoing:** Prepare a draft of possible future collaborations (**Volkshochschule Göttingen**)

Every document should be uploaded to the project's Dropbox.

Whenever someone uploads something onto Dropbox, he/she is asked to send an email about this to the others.

Revised goals of the partners - what are the questions we would search answers for during/by the end of the project?

- How to implement SEL in different countries/settings?
 - which elements of SEL are relevant/necessary under different conditions (in public schools, in VET schools, in youth organisations, etc)
 - are there core components to be used in every country, and in all settings?
- Who are the groups to deliver SEL (teachers, psychologists, professionals that could be hired for this task, etc) and where should they carry out the related activities?
- How can Art (and which kind of) support SEL?
- How to balance informal/formal practices in SEL?
- Ways to promote SEL and its benefits

A document is already uploaded in Dropbox (its title is "**FAQ**") where we can collect all the questions we would like to get an answer to regarding SEL.

SELVET - Social And Emotional Learning In Vocational Education

The **content of the toolkit** will be discussed during the second partner meeting in March, 2014. The idea is to prepare a guide that helps people/organisations interested in these programs to get an overview about the concept of SEL, to get to know what institutional background/teacher's training/budget/timeframe is needed to start a SEL program, to find out how to choose from the available, already tested programs and to find the relevant readings in the field.

Proposed dates for the following partner meetings

- 19-21 March, 2014 Hague
- 11 - 13 June, 2014 Gottingen
- 20 - 22 October, 2014 London
- March-April, 2015 Paola? Budapest?
